

USAF F-16 Viper Demo Team Returns to Skies March 21-22 in Melbourne, Florida

LEESBURG, Va. (ICAS HQ) - The U.S. Air Force's Air Combat Command (ACC), after a four-year hiatus, has authorized the F-16 Viper Demonstration Team to begin flying at air shows nationwide.

Beginning March 21 - 22, 2015, at the [Melbourne \(FL\) Air and Space Show](#), two F-16 "Vipers" will perform a full capabilities demonstration to kick off their 16-show season which takes them to 14 states and Toronto, Canada. Over 47 million people in the U.S., Canada, and Mexico will be within a 60-mile drive of a venue hosting the team.

The F-16 will also take part in a three-ship Air Force Heritage Flight in formation alongside an F-22 Raptor, and a P-51 Mustang. It will be the only air show in 2015 to feature both the F-22 and F-16 together in an Air Force Heritage Flight.

To stay up-to-date with the F-16 Viper Demo Team follow [Air Combat Command Aerial Events on Facebook](#) and [Twitter](#).

About the F-16

The Northrop Grumman F-16CJ is a single-seat, multi-mission fighter with the ability to switch from an air-to-ground to air-to-air role at the touch of a button. With its lightweight airframe and powerful General Electric engine generating 31,000 pounds of thrust, the F-16CJ can fly at speeds in excess of Mach 2.
